The Pedigree Resource File is a new lineage linked database of records available on compact disc containing family history records submitted by individuals through FamilySearch Internet Genealogy Service. Family information is organized in family groups and pedigrees and includes submitted notes and sources. Many charts and reports can be printed from this data. Each disc contains about 1.1 million names. With the publication of every five discs, a master index for those discs will also be published and packaged with that set of discs. Discs may be purchased individually or as sets.

Subject: (no subject)

Nell,

You probably did give me that information, I got it here but what was his name other than Thomas or initial I don't know.

Mrs. Martin is something else, I said I wonder when tin type pictures were first introduced, she said let's go find out. We did, if you mention a name to her, she knows exactly where to go. She is also keeping a chart on the Burdettes too, I really mean she is really getting into the Burdettes too, I really like her, she is about 65 years old but gets around like she is 20. I will go back and look for more probably Wed. or Thursday. When you get this stuff figured out please let me know, Fred's was married twice, now I want to find out who was his first wife and when her married my grandmother, I guess you could say, I'm getting into it too! Hope you have a great week.

Hedi is going to mail you this information early tomorrow, I sure hope you get it Wednesday.

Donnie All this will make sense when you start looking into it.

Donnie,

Yes, I got the map. Maps are always nice. One map may have one bunch of towns listed while another map has others. Especially nice are the old maps like this one. Like you I have found no reference whatsoever to Sherrill SC. I was unable to find Berry Burdette in the 1850 census for SC either. I supposed it is possible he was skipped.

Sharla and I are working on a theory as to who Berry's father was. The census and other records will help us find someone who was the right age to have had him once we get them all.

I spent the day at Southern again working on the census stuff I needed. I don't know what you were talking about with the 1850 census. The ones I looked at were clear as a bell and had good writing too. I got a lot of the names in 1850 and some in 1860 and 1870. The biggest surprise I guess I had today was learning that in 1840 and 1850 there was not one family with the surname Ainsworth or Ashworth. I mean not one! Where did all the Ainsworths come from? There must be a million of them around here.

When we get everthing in place and can study it things will be clearer. I did learn who two of Berry's boys married today. Samuel G. Burdett married Sarah Burnes or Barnes on February 21, 1861 in Cass/Bartow Co., Ga. and George married Louisa Bell on November 3, 1859 in Cass/Bartow Co., Ga. This marriage book only went as far as 1861.

1859

You said there were a lot of books at the library there. Pick them up and see what you can find in them. SC before 1850, GA through 1880 at least and then on to Alabama sometime. Look in the index, if you see Burdett/Burditt/Burdet get the information. You can throw out what's not needed. That's what I do and what I did today. I got lots of Burdett information and as I go along I'll figure out who the heck they're talking about.

Gotta go and put this stuff in some sort of order so I can start entering information.

BTW, Sharla says Elizabeth looks a LOT like her great uncle. Could be. Haven't talked with Aunt Bernice yet since the last pictures you sent, but I did get her some more EMU ointment and took to her. Later.

Nell

Nell,

Have the names and all I have sent you helped you very much?

What do the woman think of the picture of Elizabeth? The picture of Elizabeth I sent you, that is not a picture of Emma Burdette's sister, I have another picture that is of her. The one you have I have no idea who she is?

Let me know how thinks are going the search. Did you get the Map?

Later, Donnie

A black and white photograph showing a close-up of a textured surface, likely a wall or ceiling. A prominent vertical crack runs down the center of the frame. To the right of the crack, there are several dark, irregular, and somewhat blotchy marks that appear to be stains or areas of discoloration. The overall texture is grainy and uneven.
